

TECHNICAL DATA SHEET

Aluminium Potassium Sulfate

-CAS NO.: 7784-24-9

-Chemical Formula: $KAl(SO_4)_2 \cdot 12 H_2O$

-Appearance: Colorless transparent lump or crystalline powder

-Solubility: Readily soluble in water

-Package: 25 kg/50kg bag.

-Storage: In a cool dry place and keep away from strong light and heat.

Specification:

ITEM	STANDARD
$KAl(SO_4)_2 \cdot 12H_2O$	$\geq 99.2\%$
Pb	$\leq 0.002\%$
Water Insoluble Matter	$\leq 0.2\%$
Pb	$\leq 0.001\%$
As	$\leq 0.0002\%$
F	$\leq 0.003\%$
Moisture	$\leq 1.0\%$

Application:

Food industry: food fermentation, vermicelli processing, salted aquatic products, food preservative and additive.

Chemical Industry: Water Flocculant, sizing of paper, Painting and dyeing of coating, drug, making of paint and leather, coagulant, processing of fiber board and rubber processing, Seed disinfection, Animal treatment and soil improvement.
